Replace kitchen faucet and shut-off valves

DESCRIPTION	QTY
Pull-down kitchen faucet, single handle, stainless	1.00 EA
Quarter-turn angle stop valve, 1/2 in x 3/8 in	2.00 EA
Braided stainless supply line, 20 in	2.00 EA
Plumbing labor	3.00 HR

SCOPE OF WORK

Shut off water at the main, remove the existing faucet and both under-sink shut-off valves, and haul them away.
Install two new quarter-turn angle stops and braided supply lines, then mount and connect the new pull-down faucet supplied by Expand Handyman.
Restore water, test for leaks at every joint under pressure, flush the aerator and confirm hot and cold are on the correct sides.

Repair and repaint hallway drywall

DESCRIPTION	QTY
Drywall repair, patches up to 12 in	48.00 SF
Joint compound, tape and primer	1.00 EA
Interior paint, eggshell, color matched (gallon)	2.00 EA
Carpentry and finishing labor	7.00 HR

SCOPE OF WORK

Protect the floor and nearby furniture with drop cloths and plastic sheeting.
Cut out and patch the damaged drywall along the hallway (about 48 square feet), tape, apply three coats of compound and sand smooth.
Prime the repaired areas and apply two coats of color-matched eggshell paint to the full hallway walls, corner to corner, so no patch shows.
Clean up daily and remove all debris at completion.

Terms and Conditions

- 1. Acceptance.** Signing this proposal accepts it as a contract between you and Expand Handyman LLC for the work described in the accepted solutions, at the prices shown. Prices are valid for 30 days from the proposal date.
- 2. Scope.** We will do the work described in each accepted solution's scope of work and nothing else. Anything listed under Notes and exclusions, and anything not described, is not included.
- 3. Price and payment.** The total includes Washington sales tax where shown. Payment is due as set out in the Payment Terms on this proposal. Balances unpaid 15 days after the due date accrue 1% interest per month.
- 4. Changes.** If you ask for extra work, or we find conditions that were hidden when we priced the job (for example rot, water damage, pests, wiring or plumbing not to code), we will stop, describe the change and its price in writing, and proceed only when you approve it.
- 5. Scheduling and access.** We will agree start and finish dates with you and tell you promptly if they move. You will give us access to the work area, water and power, and clear the area of belongings before we start.
- 6. Materials and permits.** We supply the materials described unless the proposal says you will. Where a permit is required we will say so in the proposal; permit fees are extra unless included.
- 7. Warranty.** We warrant our workmanship for one year from completion and will repair defects in it at no charge. Materials carry their manufacturers' warranties only. The warranty does not cover normal wear, misuse, later work by others, or pre-existing conditions.
- 8. Cancellation.** You may cancel before work starts by telling us in writing; we will refund any deposit less the cost of materials already ordered for your job. Either party may end the contract if the other fails to meet it and does not fix the failure within 7 days of written notice.
- 9. Responsibility.** We carry general liability insurance and are registered with Washington State Labor and Industries. Our liability for any claim is limited to the price of the work in question.
- 10. Disputes.** Washington law applies. We will try to settle any dispute by talking first; unresolved disputes go to the courts of Clark County, Washington.
- 11. Whole agreement.** This proposal, its accepted solutions, Payment Terms, Notes and exclusions, and these Terms are the whole agreement and replace any earlier discussion.
